Donner Lake to Truckee  
Stretch is Allocated  
\$100,000

SACRAMENTO —(CNS)— Two state highway projects totaling \$180,000 were included in the 1954-55 budget adopted here Thursday by the state highway commission for Nevada County.

These are:  
U.S. 40, surface from the west end of Donner Lake to junction with Route 89 in Truckee, 5.9 miles, \$100,000.

Truckee to two miles north of Hobart Mills, base and surface portions, 4.9 miles, \$80,000.

In addition, the commission plans to spend \$350,000 in Nevada County for acquisition of rights of way.

SACRAMENTO —(CNS)— The California Highway Commission this week allocated \$25,000 for purchase of 74 acres of land east of Donner Lake to be used as a materials site for construction and maintenance work on US 40.

## McCRARYS LEAVING TRUCKEE, RESIDED HERE FOR 14 YEARS

After 14 years in Truckee, where he has worked as engineer on helper engines for the Southern Pacific and has pulled hundreds of trains over Donner Summit through all types of weather, Nate McCrary this week announced he and Mrs. McCrary are leaving for Roseville where he will continue running locomotives in a less severe climate.

The McCrarys are disposing of their home on West Main Street to Dr. and Mrs. Sidney Kase of Antioch, expected here this week where Dr. Kase will engage in general medical practice.

However, McCrary said, he may retain his apartment house on the hill back of Truckee for the time being. The McCrarys were in Roseville this week seeking a home and plan to be moved before his current vacation period ends.

Truckee will miss the McCrarys. They have scores of friends here and both have been active socially and in church work. Their friends will join in extending to them best wishes in their new home.

## SPECIAL SERVICE AT CHURCH HERE THANKSGIVING

A Thanksgiving service will be held Thursday, November 26, in all Christian Science churches in the United States. A cordial welcome is extended to the public. The Thanksgiving service in Truckee will be held at the Wyethia Club house at 11 a.m.

The discoverer and founder of Christian Science, Mary Baker Eddy, provided for the Thanksgiving Day service to be held in Christian Science churches and designated the order to be followed. The Thanksgiving Day Proclamation and also a short special Lesson-Sermon prepared for the day will be included in the service.

Time also is provided for spontaneous expressions of gratitude from Christian Scientists in the congregation. They tell of many blessings received through Christian Science, among them healing of discord, disease and lack.

The spirit of this Thanksgiving service is expressed in the Golden Text from Revelation:

"Blessings, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever" (7:12).

## ZORICH SKI SHOP READY FOR SEASON

## Woman Expires After Accident; Others Are Hurt

Miss Myrtle Anderson, 46, Berkeley, former nurse at the Napa State Hospital, expired on Friday morning at the Tahoe Forest Hospital as the result of injuries suffered when her car and one driven by Vernon Darrin, also of Berkeley, crashed head-on four miles east of Truckee November 10.

The body was shipped to Reno by the Truckee Colonial Mortuary and funeral services were held there where a sister, Mrs. Ethel Shane, resided. Miss Anderson was a native of Kansas. Darrin was hurt only slightly in the accident. Officers said Miss Anderson apparently drove across the center line.

**Truck Overturns**  
Byron Brown, Denver, Colo., truck driver, was seriously hurt and his companion, Jack Davis, also of Denver, escaped with minor injuries when Brown's truck failed to make a curve on Highway 40 five miles east of Truckee Saturday afternoon and overturned.

The injured were rushed to the Tahoe Forest Hospital by Truckee ambulance. State Patrolman William Gautsche cited the driver for speeding and being on the wrong side of the highway.

**Car-Truck Mishap**  
Three people were hurt Sunday night when a car driven by John W. Kirkley, Reno, careening off a truck trailer, driven by Carl B. Mitchell of Oakland and then crashed into a second car operated by Martin Bauer of Yuba City.

None of the injured was hospitalized. They are Mrs. Grace Bauer, Yuba City and D. C. Kitzelmann, and George Ingram, both of Reno. Patrolman Roy Stallard was making the investigation.

## CHRISTMAS CLUB RELEASING \$19,000 IN THIS DISTRICT

As a sure sign of the approach of the Christmas shopping season, the distribution of \$19,000 Bank of America Christmas Club checks to 112 residents of the Truckee and Lake Tahoe area was announced today by R. E. Saunders Jr., branch manager here.

Saunders said the annual checks are being sent out on November 15, the early day established last year to beat the seasonal mail and shopping rushes.

In all, Bank of America will distribute \$35,000 checks totalling \$36,000,000 to club members in California this year, it was stated. This is a new high mark.

Naturally, the Christmas Club checks receive a warm welcome from the club members. As a result they are better able to meet the many year-end financial obligations. Enrollments for the 1954 Christmas Club are now being accepted at Bank of America branches.

## VANDALS STONE DONNER HOMES

Windows in a number of homes in the Donner government tract along the north side of Donner Lake have been broken by what appears to be a gang of vandals, possibly youngsters.

Attention to the damage was called to Dave Morey, who made an investigation and found his cottage among those which had been sprayed with rocks. Morey said the Schreck, Calhoun, Bennett, Davis and Graehlich cottages had all suffered similar abuses, some to a greater extent than others.

Constable N. F. Dolley was notified and is making an investigation in hopes of ending this unnecessary and uncalled for vandalism.

None of the houses damaged were occupied and are used primarily as summer homes.

## BASKETBALL SEASON OPENS ON TUESDAY

The Tahoe-Truckee High School basketball season will open on next Tuesday evening. The varsity and junior varsity will meet Loyalton in the local gym. The JV game will start at 7 p.m., followed by the varsity tilt. Don Briner is varsity coach and Jim Brehler coaches the junior varsity.

The public is cordially invited to attend.

## Fire Rates Will Hinge On New Equipment Here

Local Fire Beard Shopping  
For Suitable Truck  
For Gear

The board of fire underwriters has informed the Truckee Fire District board of commissioners that there definitely will not be a reduction in the insurance rate in the recently annexed area surrounding the original district until a more adequate water supply and additional fire fighting equipment has been secured.

R. N. Little, secretary of the board, said the commissioners have been "shopping" for equipment, having as a goal a four-wheel drive truck chassis, used in good condition, to be equipped with new modern appointments. They hope to have this equipment available early next spring.

At the same time, it was announced that orders were given to the Truckee Public Utility District some weeks back to install six new hydrants in the Gateway Park and Meadow Park areas.

The commissioners—Little, President A. Pace and Earl Stice—have tentatively agreed that all the equipment will be housed in a central fire station to be located where the present small building exists just east of the Southern Pacific Hotel on railroad property. The department is being enlarged to provide sufficient manpower to cope with any emergency.

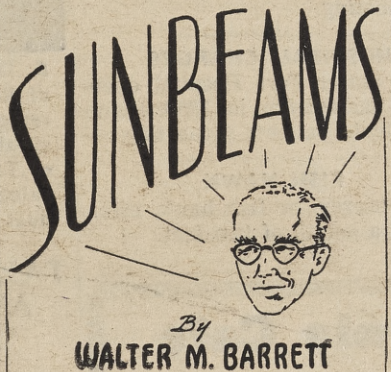

A central location is desirable for the equipment, the board indicated, because of a number of factors—principally to conserve utilities and space and to have a definite gathering place for firemen.

## SCHOOL PAPER BEING PRODUCED AT SIERRA SUN

The senior class at the Tahoe-Truckee High School visited the offices of the Sierra Sun Friday in the interests of their TNT Hi-Lights, the official school publication, which tomorrow is being printed at the Sun shop. Editor in Chief Calvin Gandy and his staff have prepared and edited the edition while the Sierra Sun is assisting in its production without cost to the school.

The TNT Hi - Lights is being printed and prepared this week as a demonstration in the Journalism work of the class. The Sun staff appreciates the fine spirit of cooperation and friendship encountered from the students and faculty advisor Hugh Smith during this demonstration.

## First Touch Of Winter Sends Mercury Down

Chain Control Over "Hill"  
During Storm Monday Night

Coming events, we are told, cast their shadows before them and the familiar rattle of skid chains on the pavement Monday night brought realization that the winter of 1953-54 is in the offing.

A series of moderately heavy rain showers last week were followed by clear, warm weather during the weekend but late Monday evening storm clouds piled up on Donner and by nightfall snow was general over the entire area. Approximately eight inches fell on Donner Pass and two inches in Truckee and at Tahoe.

Traffic was not halted but was slowed to a snail's pace at times as trucks and cars skidded on the icy highway. State crews were put into night service to plow the drifting snow and chains were required from Kingsvale to the foot of Donner Grade.

Clear skies followed the storm as temperatures dropped to new lows for the season. Unofficial readings yesterday morning were as low as five degrees here, while the summit reported 11 above.

Cold nights, with slowly rising daytime temperatures are forecast for the balance of the week.

## MRS. FIRPO WILL OFFICIATE FOR WYETHIA RITES

Mrs. I. Firpo, second president of the Wyethia Club, will install officers at the candle-light ceremony to be held Friday evening at Donner Lake Lodge. Dinner at 7:30 will precede the rite. Mrs. C. B. White, a charter member, will be the musician for the affair, when a new song will be introduced. Silver and white will be used in the decorations.

Mrs. Fred Pedley will be seated as president; Mrs. Charles Heller, vice president; Mrs. Edward Trask, secretary; Mrs. Cliff Ellis, treasurer; Mrs. Elizabeth Bavler, auditor. Cabona's store may be contacted for transportation.

## LODGE DIGNITARY WILL VISIT TEMPLE

The date of the lodge session was changed because Thanksgiving Day is on the regular meeting time.

## Mrs. Pedley Is Honored After Safety Project

The Carol Lane Certificate award for traffic safety was presented to Mrs. Fred Pedley of Soda Springs at a luncheon at Donner Lake Lodge last Thursday. First to recognize women's achievements in safety promotion, the award was established by a grant of the Shell Oil Company and is administered annually by the National Safety Council.

In presenting the certificate award to Mrs. Pedley at the luncheon held in her honor, Miss Lane, women's travel director for the Shell Oil Company, pointed out that "women have taken a nationwide 'ribbing' as back seat drivers. However, in the field of traffic safety promotion, the ladies are right up there in the drivers seat."

The travel director remarked, "without women's assistance, safety programs would not go far. Safety training is a slow process because it is an educational one; and women are well suited by instinct and interest to participate effectively in it."

Others attending the award luncheon were Ray Carter, Shell Oil district manager, Reno; Jack Ellis, Shell jobber in Truckee; John Delaney, company sales representative from Reno; Messrs and Mesdames Cliff Ellis, Charles Heller, N. F. Dolley, Lew Baysinger, E. V. O'Rourke, Robert Saunders, Orval Vaughan, all of Truckee; Charles Cross and A. M. Henry, Tahoe City; D. Nagle of Cool; Mrs. I. Firpo and Mrs. Elizabeth Bavler, Truckee.

## STAR CHAPTER SEATS OFFICERS NEXT SAT'RDAY

Truckee Chapter No. 116, Order of the Eastern Star, will hold open installation of officers at 8 P.M. Saturday at Masonic Hall.

Mrs. Dorothy King will be installed as worthy matron and Dan Anderson as worthy patron. The installing officer will be Mrs. Hazel Johnson, grand Ruth and Everett Moore, past patron.

Other officers to be seated are Mrs. Hilda Hintz, associate matron; Bert King, associate patron; Mrs. Louise Anderson, secretary; Mrs. Donna Songer, treasurer; Mrs. Mickey Mandeville, conductress; Mrs. Marie Street, marshal; Mrs. Elmay Philippi, associate conductress; Mrs. Helen Ellis, chaplain; Mrs. Ametta Firpo, pianist; Mrs. Gladys Anderson, warder; Stanley Zwarg, sentinel. The star points are Mrs. Nadine Neugebauer, Ada; Mrs. Margaret Christiansen, Ruth; Mrs. Lillian Miller, Esther; Mrs. Mae Critchley, Martha; Mrs. Pearl Heller, Electra.

Host and hostess for the evening will be C. B. White and Mrs. Gertrude Benjamin. The ceremonies will be open to Star members and their friends.

## LIQUOR MIXTURE ON STORE FLOOR

When a liquor display case at Loynd's Truckee Drug collapsed last week, more than 100 bottles of whiskey, gins and other valuable liquors crashed to the concrete floor and formed a miniature lake up to three inches in depth on the store floor.

The shelving had been moved to make way for store alterations and toppled backward. E. L. Loynd estimated the loss would be in excess of \$600, since most of the stock was rare imported Scotch and bonded domestic brands.

## NAME WINNERS IN POSTER CONTEST

Janice Gray, Girl Scout; Francine Ann McGwinn, Brownie, and Tim Riden, Cub Scout, were judged the three winners in their class of the safety posters contest by members of the Highway Patrol.

The awards will be made to the children by Mrs. Fred Pedley, president of the Wyethia Club, at the noon parade of pupils on Friday, November 20, in the business section. Girl Scouts will distribute pamphlets on safe driving at a booth on the same date.

**At Modesto—**  
Mrs. Sara Ernst, summer resident at Lake Forest, is now living at Modesto.

## Lewis Receives \$13,320 From State For Land

Jury Award Was Shock,  
Decision is Pending  
On Appeal

A Nevada County Superior Court jury Tuesday afternoon awarded G. E. Lewis, Truckee contractor, \$13,320 for approximately 74 acres of land which expert witnesses had testified was worth up to nearly \$200,000.

The price was established in a condemnation action brought against Lewis by the California Department of Public Works, after the former purchased the property from the Truckee Public Utility District on a contract basis several months ago.

**Gravel and Timber**  
Lewis said he purchased the 320 acres from the district for the express purpose of marketing the rich gravel and sand deposits on the acreage acquired by the state in the court proceedings. Timber on this particular portion also had a high market value, Lewis said, exceeding the figure allowed by the jury for the item alone.

With the possible exception that it might be used as business or home sites, the balance of the 320 acres, adjoining the property of the high school and the Donner State Park, has little value comparatively, Lewis declared.

Lewis said that a new condemnation law, which fails to take into account the value of what is below the surface of the land and anything above the surface, was invoked in this case and left little the jury could do if close adherence to the law was followed.

**Varied Value Figures**  
State attorneys had introduced evidence that the value was anywhere from \$6,000 to \$10,000 while the defendants showed values of from \$127,000 to nearly \$200,000.

The case was heard before Judge Ben Currier of Lassen County, presiding in the Nevada County court. Lewis said the jury's decision came as a distinct shock and he was not prepared immediately to decide whether or not an appeal would be made. The cost of the defense, he said, was in excess of the amount he was awarded.

**May Forfeit Balance**  
Lewis has 30 days in which to appeal the action. After that the state takes over the condemned land and it is understood will use it as a source of gravel and aggregate for road work in this region.

Some experts declare the 74 acres hold the best gravel deposit between Donner Summit and the Utah state line. Tests, Lewis said, showed the deposit deep and wide, but not wide enough to extend to the rest of the land he is purchasing. He voiced a question as to whether or not he will continue to pay for the land on which a balance of \$25,000 is due, and on which he has made a payment of \$15,000.

## SPORT FILMS SEEN AT ROTARY CLUB

A sport film was shown to the local Rotary Club at their regular meeting last Monday evening. Football touchdowns of 1953 and big game hunting in Africa were the highlights of the movie. The film was obtained for the club by Rev. Sidney Winston.

The meeting was presided over by Johnny Richards with Ralph Frank acting as program chairman. F. E. Pitts of Truckee was a guest of the club and Irwin Single was inducted as a new member.

## CHAMBER BOARD MEETS TO DISCUSS WINTER PROGRAM

TAHOE CITY—The Lake Tahoe Sierra Chamber of Commerce held a directors' meeting Friday at 7 P.M. at the Pfeiffer House.

There were nine directors present and Mrs. Dorothy Brury, the secretary. Following a lovely dinner the meeting was called to order by Vice President Norman Celio of Tahoe Valley in the absence of Fred Main.

George Cannon, the winter Advertising chairman in the absence of George Kehlet, promised some constructive and active progress on winter programs and will give his report at the next meeting. He displayed the trophy he had won for the chamber. It was a second place trophy given for the Tahoe float at the Nevada Day celebration at Carson City recently.

Cannon is to be commended for his unstinting work to further the interests of the lake. He entered the float at his own expense.

It was announced at the session that on November 28 at 3 P.M.

there will be a large gathering of chamber of commerce notables from several surrounding states to be held at George's Gateway followed by a dinner with a Highway Jamboree afterward. Half of the proceeds are slated to go for an advertising campaign for Highway 50.

Further business was attended to and a pleasant meeting was drawn to a close. Those attending were Celio, Mrs. Brury, Treasurer Bob Snyder, C. W. Vernon, C. B. Bull, George Cannon, Clara Sanford, Dave Gilmore, Jeanette Mitchell.

The next meeting of the chamber will be held on December 11 at 7 P.M. at CalVada Lodge near Crystal Bay. Members are cordially invited to attend. There will be a Dutch treat dinner preceding the meeting.

"The Placer County Taxpayers Association has never opposed the principle of equalization of assessments within the county, but we want everyone treated alike and tax rate reduced as assessment valuations arise," declares the November issue of Tax Facts for Taxpayers, monthly newsletter of the Placer County Taxpayers Association, now in the mails.

A table compiled from Placer County budgets for the last five years as published by the auditor's office, shows the county budget governed by the board of supervisors more than doubled, rising

from \$2,097,172 in 1948-49 to \$4,310,926 in 1953-54, an increase of \$2,212,849 for the five year period, Tax Facts points out.

The amount to be raised by taxation also increased from \$608,962 in 1948-49 to \$1,276,814 in 1953-54, an increase of \$666,851 in the last five years, the table shows.

The county tax base also increased by \$33,123,922 between 1948-49 and 1953-54, including assessment valuations on local property and on utility rolls, says Tax Facts. A large part of this increase in assessed valuations on local property came from raising the assessment

rate from approximately 36 percent to 50 percent of market value, thus leading to a sharp rise in the tax bills of local property owners, it states.

Every political subdivision has taken advantage of this increase in assessment valuations to increase their spending. The Tax Association would like to see the assessment rolled back to where it was before, at approximately 36 percent of market value, this automatically lowering tax bills, the newsletter adds.

## NORTH TAHOE

by HARRY CHARRISON

The heavy winds of last weekend did some damage in and around Tahoe Vista. Two trees on the property of Cornell's Sportsman Port at Sandy Beach crashed to the ground narrowly missing some of the buildings.

The Jack Bradens were back at Kings Beach for a few days. Mrs.

Bradens is rapidly recuperating from an operation performed three weeks ago. Jack says they will be away again for about two weeks and then will in all probability return and stay for the winter.

Ernie Crawford of Beasley's Cottages informs me that he will be with Walt Bailey at the Tahoe Vista Garage this winter, showing his ability as an auto mechanic.

Mel Throop is back on the job after a short siege of the flu. He

said it was a corker while it lasted.

The Meredith Siples slipped in on us unawares last Friday and report a very nice trip to Vancouver, B.C. and Seattle, but they say the weather was nothing to brag about as it rained and was quite foggy most of the time. They say Seattle has grown so much since their last visit that they really thought they were in New York.

Had Attorney Leland Propp, assistant district attorney of Placer county up from Auburn on a visit last weekend. He said he expected to find a foot of snow up here by the way they talked below and here he found almost summer weather.

The excellent cooperation given Alice Sorenson, chairman of the dinner committee of the North Tahoe Community Club at the Gun Club building was most gratifying. Nearly 150 sat down to dinner after singing America and Hail, Hail, the Gang's All Here. It was more fun than a picnic. I had grand time. Among the rest-teers helping were Thresa Sutton of the Buckhorn, Mable Reese of Sierra Lodge, Dorothy O'Brien of the Home Cafe. Other helpers included Ruth Lavery, Mrs. Mel Miller, Carmel Throop, Sophie Miedema, Elsie Charrison, Margaret Madden, Unidal Crawford and Peggy Nelson. If there are any missed I apologize and Alice says thanks a million to all helpers and all those who came to make the affair a big success. Oh, yes, 20 new

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of suitability and fitness of service offered.

Bidders are required to bid on all items or types of service, or state cause, satisfactory to Governing Board for unbids items and/or service. Bidders are required to furnish a certified check in the amount of 10 percent of the bid to guarantee faithful performance of contract.

By order of the Governing Board, Tahoe - Truckee Unified School District. FRED M. PEDLEY, Clerk (d3)

members signed up.

Just got through talking with Mrs. Painter of Lake Forest and was ever so pleased to hear that Don, her husband, is coming along so well after his experience of skidding on the pavement at Carnelian Bay last Thursday morning, literally wrapping his dump truck around a tree and coming off second best in the encounter. It was feared at first that his injuries were pretty serious but after xray pictures were taken it was found not to be as serious as thought. A few stitches were taken in his head and now I understand Don is up and around. While his hip still bothers and will for some time. But as his good wife says, he is just one lucky guy. The moral of this is take it easy going around a bend. There may be an icy spot waiting for you just around the corner.

Harry Stuble, real estate broker of Kings Beach and member of the Placer County Planning Commission, attended a meeting of the latter last week and reports progress in all matters pertaining to the welfare of the property owners of the whole county. Harry plans to stay in until at least the holidays and possibly all winter.

Tom Sutton, owner of the Buckhorn Inn informs me that the establishment will be closed from now on until spring.

Mrs. Dorothy Barnett is now in charge of the Village Corner, a restaurant over from the post office in Kings Beach.

The Lake Tahoe Lions Club held a very fine ladies night at the Sierra Lodge at Crystal Bay last Tuesday night. The feature attraction was the showing of a wonderful picture of the telephone and its growth. The picture was shown by Howard Newsham, manager of the Pacific Telephone Company in this area.

Heard in a round about way that the Burroughs were held up some in Nebraska by heavy snow but are, by all accounts, doing famously on their trip and we are all hoping that Thelma will profit by the operation she is contemplating in the near future.

The new building of the Pacific Telephone is near completion at Kings Beach and the dial system will be a reality for the people of our community pretty soon, adding yet another convenience to our ever-growing area.

The property owners of Tahoe Vista are sure going to town these days in the building line. Among those building are Tom James of Lakeside Resort, ten units; Davis' Cedar Glen with eight new units going up; Joe DeGregorie, one unit, and Doug Free of the Dunes

is building an addition to his living quarters and intends to stay in all winter. It is quite noticeable how the properties west of Kings Beach are building up on account of the highway property from the bottom of Brockway Hill to Tahoe Vista with little vacant land left. As Mr. Geraldson, the county assessor said a few weeks ago, the Kings Beach area will be a city before we know it.

Well folks, here we are nearing Thanksgiving. It is truly a time for us to take stock of our blessings and be truly thankful for them all. This is a good time for us to make up our minds to make every day one of thanksgiving.

A MOST HAPPY THANKSGIVING TO YOU AND TO THE PEOPLE THE WORLD OVER.

Elmo Moriano's invitation to the Beacon Hill Lodge "remodeling" viewing states "come as you are" but we daresay most of us in our work togs, getting ready for winter, would welcome a change of outfit. The Beacon Hill wing-ding scheduled for Friday night, November 20, keeps the owners and employees of this place on the run to finish those last minute touches in the decor of the newly designed first floor of the place, so that it will be spic and span for reviewing. "Come one, come all," says Elmo, "and enjoy the refreshments."

## Tahoe-Truckee School District News

**KINGS BEACH SCHOOL**  
Kindergarten, 1st Grade: Our county supervisor, Mrs. Alton Wagner, came to visit us Tuesday morning and especially wanted to hear the 1st graders read.

Three days last week we had the district's tape recorder in our room and listened to our singing, our rhythm band and heard each of the first graders read. Mothers who came to hear the recordings were Mesdames Fred Baker, Jack Felte, Carl Brooks, Bill Althof and Peggy Thompson.

Pamela Powell, David Reed, Loretta Barnett and Amy Arndt now have new reading books.

We were glad to welcome Amy Arndt back after her two-week stay in Sacramento.

**2nd & 3rd Grades:** Miss Foresta McGouran, county school supervisor, visited our classroom.

Wednesday morning, during our social studies hour, we saw a film "Mountain Farming."

Last Wednesday and Thursday we had the school district's tape recorder. We recorded our reading lesson and each of us sang a solo. Two songs were recorded as sung by the entire class. Mr. and Mrs. Jack Felte donated an extra tape to our class so we can keep our recordings to hear at a future date.

Parents who came to hear the recordings we made were Mr. and Mrs. Thomas Lucas, Mr. and Mrs. Jack Felte, Mr. and Mrs. L. Free, Mrs. Rose Baker, Mrs. Verl Draney and Mrs. Peg Mandeville.

**4th, 5th and 6th Grades:** Mrs. Julia Gonsalves, county school supervisor, visited our class. She was pleased with our progress and gave

mountain to enjoy the dinner party Jeannie Moriano threw a few days ago. Going down the hill was Charlie Secco of Crest, who plans to spend a little time and Thanksgiving with his family in San Francisco, after "buttoning up" his extensive and intensive Crest Lodge construction program for this past summer.

Bill Gray passes Charlie on his way up the hill as he checks his lovely mountain home to see if it is ready to stand the rigors of winter. Fresh from Norway comes handsome Magne Wostdahl to spend a winter in California snow with uncle Johnny Johansen. Incidentally, the Johansens have shortened Magne to "Max." Max is anxious for "enough" snow and it may be that we will have a new contender in our Donner Trail Memorial Race this year.

Half-a-dozen personable male winter sports fans, headed by one Mr. Magnusen, take over one of the Misener's charming cottages for the winter. Much ado this past weekend moving in fireplace wood and what not.

many helpful suggestions for our group.

Our class created some poems and stories about Thanksgiving. Five poems and two stories were selected by the class to be presented at the PTA meeting Nov. 19.

Melvin Dapp has moved to New Jersey for the winter and Etheline Noel is moving to Las Vegas. This leaves 26 students in our room.

**TRUCKEE ELEMENTARY**  
1st Grade: The first grade at

Truckee Elementary has been studying about safety at home, school and in the community this week. As they studied each unit, they drew pictures and made large paintings about safety rules. Poems and stories are being read about safety and as a culmination the children will show their work to an assembly next week.

**2nd Grade:** We painted the train which we constructed. The locomotive is black. One car is red, the other is blue.

We are sorry that Evelyn Hintz has been ill.

**4th Grade by Dorette Rose and Don Breakfield:** We chose new monitors. Our host is Richard Donnis. Barry Leamon is our room monitor.

We have learned "El Rancho Grande" is Spanish.

For the PTA program November 9, we presented songs and dances brought into California by emigrants from all over the world. We discussed various groups of people that have come to California. Each group drew a part of our mural showing scenes in "Early California." Terry Ellis, Vicki Firpo, Francie McGinn and Karen Smart decorated our room for us.

**5th Grade by Gary Stephens:** The 5th grade has been studying about the imports and exports of the southeastern states. In arithmetic we have been studying equivalent measures and some members of the class have brought different sizes of cream and milk bottles so we can better understand the subject.

The 5th and 6th grade choirs are working on two part songs for the Christmas program.

Sandra Van Sickle has returned to school and it is nice to have her back with the class.

**6th Grade:** Mrs. Charlotte Paton, the school nurse, and District Superintendent E. V. O'Rourke substituted teaching for Mr. Lynn Kishbaugh, who was absent with the flu.

This week the whole school has been cooperating with the local safety drive with class discussions, preparing posters and practicing good safety habits. Tuesday the children brought their bicycles to school for safety inspection. Friday, November 20, the school will enjoy an all school assembly at which various individuals will tell what they have learned about safety. This will follow a noon parade along main street on the safety theme.

The 6th grade recently welcomed Dick Spoon and Florence Antuno-

vich, both of whom now live in Floriston.

**TAHOE LAKE SCHOOL**  
Grades 4, 5 and 6: Our newly seeded field is quite green now and we are looking forward to playing on it in the spring. We have been able to play on the newly resurfaced court already.

Bank Day began at our school this week and our room won the Thrift Flag by having the most depositors.

We were most happy to see the arrival of modeling clay for our room. Each one of us has a stick of it which we keep in a jar. Many interesting and original items have been made with it.

Jerry Grinstead reports that while he was sick recently he was able to care for an injured bird and, consequently, learned quite a bit about the bird and its habits.

**School News:** We all enjoyed an assembly last Friday put on by Mrs. Butterfield's room and Mrs. Briggs' room. Young people participating were Vicki Jo Rich and Sandra Snyder, who recited; Sharon Quinn, Jeanne Spitsen, Karen Grahm, Carolee Campbell, Erica McLane and Kim Turner, who sang songs; Doug Ball, Dean Barr, Carolyn Henry, Gary Henry, Sherry Thatcher, Ellen Rich, Carol Stratton, John Gorham and Billy Connors, who presented skits; Jerry Grinstead sang a song; Judy Fanger, Diane Speeter, Roberta Buford and Sherry Briner joined in a quartet to sing "The Navy Song"; Bill Verner performed a tumbling act; Trent Giannini was announcer and Kenny Wilson the curtain puller.

## PLANS TO BUILD OFFICE EDIFICE

**TAHOE CITY—** Dr. William Henry, Tahoe City chiropractor, recently purchased a business lot on the lakeshore just north of the dam at the head of the Truckee River from Fred Kilner, local real estate man. Dr. Henry plans to erect an office building on the site, beginning work in the spring, to house his own office and possibly one or two others.

## ASK VOLUNTEERS FOR AIR WATCH

**TAHOE CITY—** Mrs. Marie F. Henry, supervisor for the civil defense aircraft observation station here, will greatly appreciate any volunteer assistance to help her with this important work. She may be contacted by telephoning Tahoe City 70 and will answer any questions on the subject.

Earliest volunteers included Mrs. Beulah Carnell, Mrs. Blanche Donaldson, Miss Florence Vernon and Al Henry Jr.

Mrs. Henry points out that with sufficient volunteers, the period and frequency of an individual's watch could be materially reduced, giving all a chance to serve without undue hardship on any one.

The 42 deep water piers at San Francisco are served by 67 miles of State Belt Railroad.

others go. Sven Brolund, recently of Pineland was given a farewell party by his working buddies at the home of the Bert Andersons last Friday. Those present and absent extend their best wishes to Sven, who by now is in Virginia, from where he will go to Europe with the U.S. Army.

Our friends, the Max Porters are definitely leaving to follow his work with the telephone company over in Carson City, Nevada. The Porters will be missed greatly, they have held a place of high esteem in all our hearts—Good Luck!

George Kehlet has left for his winter home at Palm Springs, leaving his Meeks Bay Resort in the care of Mr. and Mrs. Morgan.

Fred Main has also left for his home in Laguna, but we will be seeing him from time to time.

Understand that Earline Brumbaugh's son, Gary, will be returning home this week for a few days and will then again return to the confines of the Tahoe Forest Hospital. He is doing fairly well from the injuries he suffered in his recent auto accident. His companion in the accident, Jay Stuart and Patrick Griffith, are also reported to be well on the way to recovery.

Was happy to see the Boltens back from the trip which took them as far east as Florida. Stan and his wife are glad to be home but can't say enough for their lovely trip. After Florida, Stan, it will be tough to shovel snow!

Hear Don Painter is home again after having surgery following a mishap with his truck at Carnelian Bay. We are happy Don, that it was no worse.

Rusty Frodenberg is recuperating now and feeling much like himself after a confining illness. We have several new neighbors out Highway 89 South. The Castellanos have rented the Phil Olandres home in Pineland for the winter. Castellano is employed at the Squaw Valley resort. We hope to become better acquainted. Also in the same district are Mr. and Mrs. Don Humphreys and son, Scotty. The Humphreys are recent arrivals from Los Angeles and also Sierra City. Welcome to both and may your winter here at Tahoe be a most enjoyable one.

Understand Mr. and Mrs. Castellano also have a young son. We had better get out a welcome wagon for the young fry, too.

The Sam Gosses have returned and are contemplating staying at their Tahoe home for the winter. Sam is feeling so much better they hope to stay in and we all wish them the best of good luck.

Received a short note from the Howard Guths and they said howdy and had us all shoveling snow up here. Not yet, Howard, but the "breeze" that is blowing hard and gusty looks like it won't be long now! Hurry home, we sure miss you folks.

Saw Irene LePire of Lake Forest looking over the Christmas cards at Jay's today; looking very sweet and pert and reminding us that the holidays are just around the corner.

And so, with the coming and goings just at an end for the week—rather a short message, my friends, but with pleasant hunting coming up, Thanksgiving just

## TAHOE RESIDENTS WINTER EXODUS

The current inclement weather has hastened the departure of Lake Tahoe people for other places.

Mrs. Jessie Hale of Kings Beach is an Oakland sojourner. The L. J. Celia family of Tahoma has gone to Berkeley. Mrs. Anna Blau of Kings Beach is now visiting relatives at Lawrence, Kansas, and is looking forward to attending the Golden Wedding party of her brother and sister-in-law in St. Louis and to making the visiting rounds with grand- and great-grandchildren before returning to the lake in the spring.

Mrs. Jody Maher, Meeks Bay resident, has returned to Palm Springs for the winter while Mr. and Mrs. F. B. McKeever have gone from Tahoe Pines to Sparks, Nev.

a few days away and Christmas, well—we'll probably have some real news for our next issue.

'Bye for now,

## Minute Ministry

by REV. SIDNEY WINSTON

Pastor, Com. Methodist Churches  
Truckee and Kings Beach

Many people admit that they are too quick to pass on information not complimentary to others; in so doing confidences are betrayed and meanings not intended are generally implied. It is impossible that we should not notice imperfection in others; unless our observation is constructive, we should withhold comment; if it is personally derogatory we should at least offer it to the person involved, if at all. Mutual understanding is certainly desirable. Intelligent people wait until a fair balance of information is available before they render a conclusive decision. Both sides of the story seldom look the same. Usually there is evidence of fault on the part of both. Busy-bodies in other people's affairs are never appreciated, but those who have something good to say can spark continual progress. The truth is not always pleasant but it is al-

ways honest; it should be known whether spoken or not. "Every word of God is true; He is a shield to those who take refuge in Him. Do not add to His words, lest he rebuke you, and you be found a liar." (Proverbs 30: 5-6, Revised Standard Version).
